

# 9800

## ADHESIVE FOR CLOSING ROOM ASSEMBLY WORK AND LEATHER GOODS INDUSTRY

**9800** is a polychloroprene adhesive characterized by a prolonged tack, long open time and good cohesive strength, suitable for bonding leather, fabrics, cotton, sponge, non-woven and cardboard.

Clear, non staining, after drying it forms an elastic film and doesn't stiffen the substrates. Suitable for closing room assemblies, for lining and insole covering. When bonding overlaps of the uppers, can be applied one-way.

### Characteristics

<b>Composition</b>	: polychloroprene rubber, synthetic resins and blend of organic solvents
<b>Mode of setting</b>	: release of solvent
<b>Colour</b>	: light amber
<b>Solvents</b>	: esters, ketones, aliphatic hydrocarbons

### Technical data

<b>Solid content</b>	: 29 % min.
<b>Viscosity</b>	: 4000 - 5500 mPa.s (Brookfield sp.4 speed.20 at 25°C)

Values valid for product supply specification upon leaving the factory

### Method of use

**Application:** can be done by brush or by roller spreader after a light dilution with a proper thinner.

**Drying time:** allow to dry some minutes so that the solvents can evaporate. The adhesive keeps its contactability at room temperature after many hours.

**Assembly:** bring the two parts into contact and apply a suited pressure. Bond strength gradually increases with time, reaching maximum value in 2 or 3 days after bonding.

**THINNER:** Solvente AP

### STORAGE STABILITY

12 months in the original sealed pack stored in a dry place at a temperature range +5°C+25°C.

All recommendations relating to the application and use of Fratelli Zucchini products have been given in good faith, based on the company's knowledge and experience. Products must be appropriately stored, handled and applied in normal conditions, as indicated on their respective Technical Datasheet. The variability of materials, substrates and conditions of use is such that no warranty of their functionality for a specific application can be deducted from this information, written recommendation or any other type of suggestion offered. Each user has the responsibility to make adequate evaluations on the efficacy of Fratelli Zucchini materials, products, services, recommendations and suggestions for the specific application required and must accomplish sufficient testing to ascertain that the final product will be safe and sound for the final purpose of the end-user. Fratelli Zucchini cannot be considered liable for any damage, direct or indirect derived from an incorrect use of the products
